The Patterson Foundation’s DeSoto Solutions to Actions Newsletter strives to educate and engage. We each have a role in forging a positive future!
For more than a decade, The Patterson Foundation (TPF) has focused aspirational efforts across Charlotte, DeSoto, Manatee, and Sarasota counties. Through Aspirations to Actions (A2A), TPF strengthens the efforts of people, organizations, and communities by focusing on issues that address common aspirations, foster wide participation, and encourage learning and sharing.

A rise in readiness in DeSoto County became evident over several years through the work in various TPF Initiatives such as Digital Access for All (DA4A), Suncoast Campaign for Grade-Level Reading (SCGLR), and Suncoast Remake Learning Days (SRLD), which resulted in a deeper engagement with the people in the DeSoto community. By engaging the community in aspirational thinking that leads to actions, the community is tackling issues and developing innovative, collaborative partnerships by harnessing the power of collective abundance for meaningful change.

Along with the community activities underway in DeSoto County, TPF recognized the importance of continually sharing information and awareness of opportunities happening throughout the community by publishing a regular newsletter. Published digitally and in print, in both English and Spanish, the newsletter will help people stay informed of the TPF initiatives and the additional collaboration of other partners and stakeholders that hold the DeSoto Community dear.

Each issue will provide multiple opportunities for readers to engage in ways that support and amplify the community voice and impact community-led change. We look forward to the opportunity to help share the focus of TPF’s work through its initiatives, DeSoto Solutions to Actions’s 8 Themes, The Harwood Institute for Public Innovation, and community engagement efforts through various partners and stakeholders.

If you have suggestions for features or information to share, please email Cheri Coryea, Aspirations to Actions Initiative Manager, at ccoryea@thepattersonfoundation.org.

WHAT ARE WE BUILDING ON?

In January, The Patterson Foundation and the Harwood Institute hosted *eight roundtable discussions with more than 105 community members in attendance to kick off the Harwood Project in DeSoto County.

These conversations highlighted DeSoto County residents’ love and pride for their community while also remarking upon some shared aspirations for the community going forward.

A community event with a keynote presentation by Harwood Institute President and Founder Rich Harwood drew together over eighty community members to listen, learn, and share.

The atmosphere of enthusiasm, readiness, and ownership was apparent throughout the evening as the community showed up to share their support for this project and the work within their community.

If you or someone you know wants to get involved or learn more, please contact Avery Crews Prado de Lima at acrewspradodelima@thepattersonfoundation.org

REFLECTIONS FROM THE HARWOOD INSTITUTE TEAM

In late January, The Harwood Institute team traveled to DeSoto County to launch our partnership with The Patterson Foundation on an initiative to deepen and accelerate community-led change and to build on the “Solutions to Actions” work already underway. During his keynote address to the community, Rich Harwood reflected on what he had seen in a series of roundtable discussions with local leaders: “Yes, you face challenges. Yes, there are real divides. But today, as I’ve talked to leaders across your county, I’ve heard a yearning to come together, to find a pathway forward, to make a change in people’s lives.”

We’ve already seen hundreds of leaders seize on this yearning by stepping forward to make their voices heard and affirming they want to find a better path forward for DeSoto County. Learn more about The Harwood Institute at theharwoodinstitute.org
